Navegación al barlovento

***Se navega por los astros, por la mar,
por la tierra, por las gentes, por los

Caer el buque a sotavento

"La Rosa de los Vientos"

Soy feliz de volver a navegar por este infinito y bello mar rodeado del vacío horizonte. Creo que no vamos a ver barco alguno en muchos días. Soy plenamente consciente de mi extrema pequeñez y de que estoy totalmente desamparado y abandonado a mis (nuestras) propias fuerzas. Con todo, como creo haberte dicho en otro lugar, esto es lo que, de verdad, te hace sentir vivo.

Light 10pt

Grumpy wizards make toxic brew for the evil Queen and Jack. One morning, when Gregor Samsa woke from troubled dreams, he found himself transformed in his bed into a horrible vermin. He lay on his armour-like back, and if he lifted his head a little he could see his brown belly, slightly domed and divided by arches into stiff sections. The bedding was hardly able to cover it and seemed ready to slide off any moment. His many legs, pitifully thin compared with the size of the rest of him, waved about helplessly as he looked. 01234567890

from the journal reviewed a host of data and evidence published on insect-bite treatments. It concluded in many cases treatments for insect bites had not actually been tested for such purposes. It said medical help should clearly be sought if serious symptoms, such as infections or anaphylactic shock, developed. But it said for simple bites a flannel or cloth soaked in cold water often worked best - despite advice from official bodies, such as NHS

He found that more layers of both longer visible hairs and finer, “vellus” hairs near the surface appeared to work as a deterrent to the insects, with the finer hairs also acting as an early warning system.
